Touching lives, improving life.

- The number of participants will be limited, with RSVPs accepted on a first-come first-served basis.
- Companies presenting a conflict of interest with the host organisation may be ineligible to attend.
- Participants are asked to wear enclosed shoes and high visibility vests as there is a PPE requirement on site.

### About Procter & Gamble

Procter & Gamble (P&G) is an American listed Fast Moving Consumer Goods (FMCG) company with annual global turnover of \$75B+ and over 100,000+ employees. Established in 1837, P&G manufactures market leading brands including Braun, Gillette and Pantene. Their products are primarily sold through the grocery, pharmacy, petrol & convenience channels.

In Gartner's 2015 Supply Chain Top 25 Rankings, P&G was awarded the accolade 'Master of Supply Chain'. P&G has been consistently referenced by Gartner within the top 5 global supply chains for the past 10 years.

### Purpose of the Site Visit

The tour will visit the P&G Distribution Centre, supporting the distribution of products across Australia, New Zealand and the Pacific.

Focus of the tour will be on:

- Supply Chain Quality – how intertwining quality practices and controls into day-to-day DC activities can enhance your consumers experience and satisfaction.
- Low-cost Innovative Solutions – how the development of low-cost customised solutions can enhance supply chain visibility, performance and compliance. Whilst delivering bottom line productivity savings to your business.
- Operational Control – how the development of drumbeat operational checkpoints can assist your operation in proactively managing constraints before they arise, enhance collaboration / visibility across multiple operational functions and maintain high performance.
