SCLAA VIC/TAS

Logistics Solutions for Smart Cities

Wednesday, 05 July 2017

SCLAA invites you to a site tour of Emporium Melbourne's Innovative award winning, underground loading dock and to hear leading speakers describe how innovative logistics solutions are enabling Smart Cities. The site tour will be followed by a networking event at a nearby location where attendees will be addressed by 3 leading Industry speakers. Complimentary drink on arrival and canapes will provided. Cash bar available.

When: Wednesday, 05 July 2017

Where: Emporium Melbourne 287 Lonsdale Street, Melbourne VIC 3000.
Meet at Emporium Concierge (Opposite Nespresso)

Cost: Members: \$20.00
Non-Members: \$30.00

Time: 6pm

**Registrations
close on
29 June 2017**

LIMITED SPACES AVAILABLE

- Is your business encountering challenges related to last mile deliveries?
- What technologies will be used by "Smart Cities" to cope with increasing demand and levels of service?

Learn about Logistics Solutions for Smart Cities through an interactive event that combines a site tour of Emporium Melbourne's underground loading dock, expert speakers and a discussion panel to explore:

- Options to reduce future congestion as Melbourne's population passes 5 Million on 2020
- Successful innovative logistics solutions deployed in Smart Cities
- How Government and industry can work together to get the best solutions for all stakeholders

The event includes a tour of Emporium's dock facility led by Emporium Melbourne Operations.

Interconnected City Logistics

Associate Professor Russell G. Thompson, PhD, Department of Infrastructure Engineering, Melbourne School of Engineering The University of Melbourne.

Practical Case Study: An Intelligent Transport Solution for Emporium Melbourne

Dave Sanders, Group Managing Director, Bestrane
