- Parking:** Park in any resort car park. The Studio is situated between the Crown Theatre and Crown Towers hotel. Entry is from the main Crown concourse.

Kindly Sponsored by:

**Michael Page**

- Enjoy the opportunity to enjoy Crown hospitality and network with major WA Supply Chain players, whilst listening to:
- An account of how Roy Hill's progressive approach to Supply Chain innovation earned it the 2017 Smart Conference, SMART Award (the 1st ever from WA!) for Exceptional Supply Chain Performance.
  - How neuroscience can be used to develop people to cope with change in the digital economy.
  - The unique Roy Hill Operating Model and Systems Thinking

**LIMITED SPACES AVAILABLE**

**Registrations close 19 July 2017**

### Presenters

**Mike Lomman, General Manager Demand Chain.**

Mike is opening the presentation by speaking about systems thinking, the core disciplines of planning, scheduling and execution, and the Roy Hill Operating Model.

**Indrasen Naidoo, Director of Supply Chain for Roy Hill**

Indrasen will present how Roy Hill implemented a production driven approach to designing & operating their MRO supply system. This initiative won the 2017 Smart Conference, SMART Award (the 1st ever from WA!) for exceptional performance with an emphasis upon innovation and successful business strategy implementation.

**Karen Livey, Past President of ASCI WA**

Karen will present on the topic of transformational change in modern organisations. Karen Livey will show how neuroscience can enable people to cope with change and how this can be used to engage and develop staff to be ready for a world disrupted by technology.
