About Sony DADC

Sony DADC is a full-service technology and media solution provider, offering services from the traditional replication business to printing services, disc mastering, digital asset management and distribution.

Sony DADC's global presence includes facilities in Australia, USA, Japan, Hong Kong, Canada, Brazil, Mexico, India and China. Headquarters is based in Austria which services Europe. The commitment and professional approach within this network makes Sony DADC the perfect partner for worldwide product releases. Sony DADC constantly keeps up-to-date with the latest technology available to provide its customers with the most cost effective solutions.

Purpose of the Site Visit

The tour will visit the Sony DADC Outbound Distribution Centre, supporting the distribution of products across Australia.

Sony DADC

Focus of the tour will be on:

- Inbound Receipting – Receipt processes of transferred goods from Sony DADC manufacturing and print facilities
- Warehousing – Storage & location of product
- Picking - Order picking of warehouse orders, highlighting the fast moving product of the release driven physical media industry and need to push same day orders through the supply chain

PLEASE NOTE:

The number of participants will be limited, with RSVPs accepted on a first-come first-served basis. Participants are asked to wear safety shoes and PPE will be provided on site.
