ASSOCIATION OF AUSTRALIA

Driving Competitive Advantage in Supply Chain and Logistics

OPERATIONAL EXCELLENCE BREAKFAST

WHAT IS IT?

An interactive breakfast workshop that will help you identify opportunities to unlock operational excellency within your organizations supply chain, all while networking and enjoying a hot breakfast and coffee of your choice @ Trunk!

Presented by

Peter Nemtsas from optimisation and training consultancy Vative will talk to driving sustainable improvements in operational excellence across Supply Chain and Logistics.

The importance of a coordinated and sustained approach across key business functions will be explored to highlight its integral part to creating competitive advantage.

Saar Davidi from Catch Group, leaders in logistics automation for big brands like Catch, Scoopon and Pumpkin Patch, will provide a case study on implementing new warehousing technology.

The complexities and impact of continuous improvement on customer offering, quality, cost reduction and overall company culture will be explored in depth.

Tuesday, 17th July
7:30am – 9:30am

Trunk Restaurant
275 Exhibition Street, Melbourne

Members: \$30
Non-members: \$65
