Unlike most commercial laundries, Vanguard is a local not-for-profit organisation supporting people who have a lived experience of mental illness and struggle to secure employment. They are a self-sustaining social enterprise that helps change lives one wash at a time.

A new custom-built commercial laundry uses state-of-the-art technology aimed at delivering significant economic and environmental savings for customers.

Whether your business is in healthcare, aged care, hospitality, accommodation, facilities management or agri-business, Vanguard apply the highest quality, service and environmental standards.

As this is a social enterprise, Vanguard Laundry Services help to create more jobs and career development for people in the Toowoomba region who have experienced mental illness and struggle to get back into the workforce. Vanguard Laundry is more than just a state-of-the-art laundry service.
