

Exclusive Invitation: Supply Chain Executive Lunch

Designing the Customer Centric Supply Chain

Sydney - Tuesday, 24 October 2017

SCLAA wish to invite you to join us and Oracle for an Executive Round Table peer to peer networking lunch for Supply Chain leaders. Here we wish to provide you the opportunity to hear from a global supply chain expert and provide case studies on how organisations are streamlining their supply chain process and better serve customers.

Within today's volatile, uncertain, complex, and ambiguous supply chain environment, organisations are looking to better understand how they are to deal with market disruptive businesses like Amazon. Here, we will discuss lessons learnt over the last few years and what organisations are doing to remain relevant in today's competitive and evolving marketplace.

When: Tuesday, 24 October 2017

Where: Sydney Café, Customs House
5th floor 31 Alfred Street,
Circular Quay Sydney

Time: 12noon to 2.00pm

Complimentary Registration

Agenda

12:00 noon	Guests arrive
12:15pm	Introduction by SCLAA – Market insights
12:30pm	Sujit Sahu Oracle
1:15pm	Round table discussion led by SCLAA and Oracle Corporation – Insights & learnings. Attendees to share their experiences and to discuss what's stopping them from implementing their ideal supply chain.
1:45pm	Q&A
2:00pm	Lunch concludes

Key Takeaways:

- Next practices being implemented internationally to create a flexible, scalable global customer centric supply chain.
- How planning, foresight, and responsiveness are critical to managing risk and guarding against supply chain disruptions.
- Gain insight into valuable and implementable ideas.
- What impact emerging technologies are having on revolutionising the way customers are served.

Seats are strictly limited so please register your interest early.

Oracle Speaker: Sujit Sahu

Sujit Sahu the Regional Senior APAC Director of Supply Chain Transformation at Oracle. Over the last 10 years he has worked in senior supply chain management roles within several multinationals in China, Asia Pacific, United States, UK, Japan and India. Sujit will share insight into case studies on what organisations are doing to drive a customer centric supply chain.
